

Nutrase® BXP 200 TS

MULTI-ENZYME COMPLEX

Makes feed production easier and reduces feed costs

Nutrase BXP 200 TS is a blend of enzymes, containing endo-xylanase, β -glucanase and 6-phytase activities. This multi-enzyme complex is developed to guarantee an optimal digestibility of feed and supply of nutrients, and to improve gut health in production animals.

MAKES FEED FORMULATION BETTER

Form: Powder
Package: 25kg
Characteristics: Color: Grey-light brown

Nutrase's key distinguishing benefits:

- Boosts growth and feed efficiency
- Promotes a healthy gut
- Increases digestibility
- Improves litter quality
- Lowers feed cost

Nutrase's key distinguishing properties:

- Effective in all rations using corn, wheat or other cereals
- Optimal activity in neutral pH
- Good stability during pelletizing and storage
- One stop solution to add NSP enzyme and phytase
