

GalliPro® MS

Product Information

Version: 3 PI GLOB EN 02-04-2020

Description

GalliPro® MS is a microbial feed additive.

Material No: 718974

Size 20 kg

Type Multiwall bag

Storage temp: < 37 °C / < 99 °F

Conditions: Dry

Shelf life 24 months when stored as specified.

Ingredients

Spray-dried spores of *Bacillus licheniformis* , spray-dried spores of *Bacillus subtilis* , calcium carbonate, Kieselgur.

Application

To be used in feed for turkeys.

Directions for use

Blend into premix and complete feed.

Can be administered in pelleted feed up to 95°C.

Tons Treated

The content of one bag treats 50 tons of feed with the minimum of the recommended dosage.

Handling

Store product in dry conditions in the original, closed packaging as described above. Avoid leaving bag open for extended periods of time.

Avoid inhalation of dust. In case of inhalation, skin or eye contact rinse with water. In case of oral intake dilute with water. Facemask should be worn if dust formation occurs. Not flammable. Not classified as chemical waste.

Other Information

Can be used in compound feed with the following coccidiostats: amprolium/ethopabate, diclazuril, halofuginone, meticlorpindol/methylbenzoquate, monensin sodium, nicarbazin, salinomycin sodium.

Specifications

Physical Properties

Color: Off-white

Form: Powder

Solubility: Not water soluble

Microbiological Quality

Yeast and mould: <1000/gram

Coliform bacteria: <1000/gram

Salmonella: <1 in 25 gram

E. coli: <10/ gram
